INCORPORATION PASSES BY 686-633 VOTE; MOVE PREVIOUSLY REJECTED THREE TIMES DATING BACK TO 1906

Campbell has been voted a city of the sixth class. In the special incorporation election Tuesday, the unofficial three-precinct tally registered 686 votes for incorporation and 633 against.

In voting for incorporation, the Campbell electorate chose their first city council, city clerk, and city treasurer. **J. Frederic Snyder (541 votes), Richard W. Morton(540), Joseph V. Gomes (520), J. B. Arends Jr. (492) and J. M. Dahl (491) are councilmen. Viola Krug, the first City Clerk, polled 525 votes to top Howard F. Smith with 423.**

Edward C. Merrill swept the voting for City Treasurer, collecting 833 votes against one vote for Rev. Herbert Neale, a write-in candidate.

The new city of Campbell is bounded on the north by Hamilton Avenue, on the south by Budd and Kennedy Avenues. In its southern section it extends from California Street to Los Gatos Creek. The portion between Campbell Avenue and West Rincon Avenue extends farther west than the sections north and south of it. The northernmost section runs approximately from Carlyn Avenue on the west to a line east of Los Gatos-San Jose Highway on the east.

The area covers about three square miles and the city will have a population of about 7,000. Its assessed valuation has been estimated at over $5,000,000.

A nine o'clock check of the polling places Tuesday night revealed that 435 votes had been counted, of which 242 registered for incorporation and 191 against. This figure, approximately one-third of the total vote, was broken down as follows:

IOOF as reported by Hans Nielsen: 25 for, 17 against; high school 121 for, 60 against; Campbell Grammar school via Evelyn Buck, 96 for, 114 against.

This ratio held throughout the counting, with the grammar school precinct registering a consistent vote against incorporation.

The vote was heaviest at Precinct No. 2, Campbell Grammar school, which reported 577 votes cast, of which 245 were for incorporation and 332 against. Precinct No. 1, IOOF Hall registered 213 for, 190 against. Precinct No. 3 logged 228 in favor, 111 against.

The ten o'clock report showed a combined total of 993 votes counted, of which 511 were incorporation and 422 against.

Tuesday's vote of 1319 ballots cast was the highest in the history of Campbell.

The first incorporation attempt, February 24, 1906, was defeated by a 41 majority vote. At that time the tax rate was $1.64, the highest in its history. A total of about 135 ballots was cast.

Twice within the past five years, incorporation has been voted down. In 1946 the issue lost by the closest margin, a 10-vote majority. In 1948, the measure suffered its worst defeat—a 136 vote against.

The present election for incorporation by a 53-vote majority follows a 10-year approximate 500-percent increase in population as estimated by postoffice records, which showed an increase from 3500 people served to approximately 20,000 in 1952.

Five absentee ballots were cast in the present election.

A total of the number of ballots reported by precincts as having been cast amounted to 1337, with the High School reporting 340, the Gramar School 585 (the largest) and the IOOF Hall 412. This leaves an 18-vote discrepancy between the total votes cast and the final tally of 1319 votes recorded for and against the issue.

Precedent for sixth class cities has established that the councilman receiving the highest number of votes will be Mayor although there is no legal basis in this. Dr. Snyder poled an unofficial 541 votes, a one-point differential over 540 cast for Attorney Richard W. Morton.

The terms of office for officials of a city of the sixth class are: Councilmen polling the highest number of votes will serve for four years. The next three highest will be in office for two years. City Clerk and City Treasurer serve ful terms.

HARMON STATEMENT

Lester W. Harmon, chairman of the Committee for Incorporation, said he was pleased with the conduct of the campaign and said that the city is to be congratulated and also the city officials who were elected. "We are fortunate to have such capable city officers. I think now, we'll go somewhere," Harmon said.

Harmon said he was satisfied with the election as far as the campaign was conducted and satisfied with the personnel elected. "I

CAMPBELL—A CITY

Clara Beebe Baldwin

For many a year it lay drowsing;
A village by the side of the road,
Too timid to try out its powers;
Just content with its pleasant abode.

It was a fair town and we loved it,
But we realized that it was grown,
And time for it to stop creeping;
Quite time it was walking alone.

Then one glad day it awakened,
And sprang to its feet at last,
Full of great plans for the future,
With never a thought for the past.

We toast you, CAMPBELL—
A CITY,
A city with great work to do,
We know you'll not be found wanting,
We will be very proud of you.
Clara Beebe Baldwin.

Eight Red Cross Home Nurses Complete Course In Cambrian

Eight graduates of the Red Cross Home Nursing Course, and their instructor, Mrs. Henry Kehmna of San Jose, celebrated their commencement last Tuesday with a luncheon party at the South Union Avenue home of Mrs. Clarence Helmbold, where the entire course has been given. The new home nurses are Mesdames Helmbold, Monte Estabrook, A. Delamore, Denver E. Tanner, E. Lackman, Walter Shaffer, George Petrea and Beulah Young. Mrs. Young, Red Cross volunteer who drove the car which transported the equipment used in the course, became so much interested that she joined the group.

Mrs. Earl Gripenstraw instructed at the first meeting of the class before illness forced her to withdraw, and Mrs. Kehmna kindly consented to continue as instructor. Mrs. Kehmna instructs several groups concurrently.

The Cambrian unit's course marks the first time mobile equipment has been used by this Red Cross chapter in the teaching of home nursing. The group met on Tuesday and Thursday mornings for three and a half weeks, beginning February 18; the course is designed to be completed in 14 hours of intensive study and practice.

Members of the class acted as patients for their colleagues. Learning the bed bath technique proved an amusing lesson, as students were assigned the task of giving their husbands bed baths at home, then reporting results at the next class period. The final meeting was devoted to Civilian Defense instruction.

Civilian Defense requests that one out of every 100 people become a Red Cross Home Nurse, according to Mrs. Kehmna, who adds that the Red Cross goal is one Home Nurse in every family.

Any group, not in excess of eight which is interested, may take the course as soon as a volunteer instructor is available. The course is also given at the Red Cross Chapter headquarters in San Jose, where Mrs. Ione Smith is correlator of nursing. Instructors are registered nurses, volunteers, who have completed a very intensive 30-hour course of study; their first 14 hours of instrction are supervised, and every effort is made to obtain uniformity of practice all over the United States.

Campbell Union High School includes home nursing in its curriculum, with Mrs. Alfreda Runge as teacher. Mrs. Runge has 30 junior and senior girls in her present class; she has taught nursing for many years and is Campbell Coordinator of Health, in charge of Home Nursing in this community.

Many skills of many people go into the big job of providing telephone service in the West today.

FIVE BILLION CONVERSATIONS

This huge number of telephone calls a year is the important responsibility of 73,000 men and women in the West.

Five billion conversations! By day and night, in cities and towns, across valleys and over mountains, the West's telephone lines are busy carrying the calls that in a year total more than twice the population of the earth! Some calls are routine, others may save a life, but each call is vital to capable telephone people everywhere as they work at the wide variety of telephone jobs needed to serve you and the nation well.

This telephone team, for instance, is pinpointing the location of a buried cable which needs repairs. The cable will be fixed quickly . . . and calls will flow again. Meanwhile, your long distance calls are re-routed to get them through with little or no delay. This is just part of the complex job of maintaining and expanding the West's vast telephone system—a job which now requires the skills of some 27,000 well-trained telephone men and 46,000 alert telephone women here in the West. 'Round the clock, they're on the job to keep America's telephone system the finest in the world . . . able to do its full share of the important task of keeping America strong.

Your telephone is one of today's best bargains

For every telephone employee, we have about $20,000 invested in telephone equipment. Naturally, both must work together to bring you good telephone service. And it's reassuring to know that despite our sharply-increased costs of both wages and materials, we've been able to keep your telephone one of today's best bargains.

Easter Seal Sale Gets Under Way

Mr. Lowell Benson has been named chairman of the 1952 Easter Seal campaign in Campbell area, according to an announcement this week by County Campaign Chairman Patrick H. Peabody.

Campaign got under way this week with the mailing of some 83,000 sets of Easter Seals to county residents. Collection cans are also being placed in stores and public places for benefit of those not receiving seals.

"The work these seals make possible can best be represented in terms of hope," said Peabody. "For handicapped youngsters who can't enjoy the usual activities of youth, the Crippled Children's Society makes possible a program of summer camperships and recreation activities geared to the physically handicapped, transportation to and from clinics and similar services."

"Our latest project, the culmination of a lot of planning, is a sheltered workshop for severely handicapped young people, where they may be instructed in useful occupations."

Affiliated with State and National organizations in carying out its work, the County society nevertheless retains most of the funds raised here, 70 percent, for direct use here, Peabody pointed out. County society benefits from state activities including educational clinics for training workers.

A total of 103,000,000 radio and television sets were in use in the United States as of October 1, 1950.

GIRL SCOUTS CELEBRATE 40TH ANNIVERSARY

Santa Clara Valley Girl Scouts celebrated their 40th anniversary yesterday by attending the church of their choice for special services and by their gigantic cookie sales, proceeds of which will go toward purchase of a permanent campsite for the outings of the scouts.

Local girl scouts wore their uniforms to school and stood by to explain their window displays at Quito Shopping District where exhibits were shown depicting handicraft work and other projects undertaken by Girl Scouts of the area.

Julliette Gordon Low, founder of Girl Scouts in the United States, was paid special tribute.

The scouting program, according to Mrs. Harvey C. Miller, president of the board of directors of Girl Scouts of Santa Clara Valley, Inc., teaches Girl Scouts to become better members of their own religious groups. Leaders of various troops accompanied their Scouts to the church services.

In the last enrollment of Scouts in this area, there was a 25 percent increase in membership, with a 40 percent increase among senior scouts.

"Scouting has grown faster in this area than in many areas of the United States," said Mrs. Miller. "There are now approximately 2,000 girls and 600 adults registered as Girl Scouts of Santa Clara Valley."

Girl Scouts Now Selling Cookies

Girl Scouts of Troop 83 launched their annual cookie sale March 8, and will continue the drive until March 22, according to Troop Leader Mrs. Allen M. Keller of McGlincey Lane. Mrs. Keller announced that the cookies will be diferent this year, including sandwich cookies in chocolate and vanilla as well as the wafers usually sold by the scouts.

Ten percent of the proceeds of the sale are to be retained by the troop; the rest will be remitted to Girl Scout Headquarters for support of the scout movement.

Troop 83 is divided into three patrols, with six girls in each; the patrols have been named by their members, "Humming Birds," "Working Daisies," and "Starlight Patrol."

Robert Lindsey Will Manage Gubser Campaign

Assemblyman Charles S. Gubser of Gilroy opened his three-county campaign for the Tenth Congressional seat today with appointment of Robert C. Lindsey, San Jose insurance man and civic leader, as campaign chairman.

Lindsey has opened the Gubser campaign headquarters in room 255 Security Building, 84 South First street, San Jose.

Lindsey served as president of the San Jose Junior Chamber of Commerce in 1948-49, was selected as outstanding young man of the year in 1950 and is now vice-president of the San Jose Chamber of Commerce. He is active in naval affairs, both as a veteran and as a reservist.

Lindsey promised as campaign as "vigorous and forthrigth as our candidate has proved himself to be in his two years' service in the State Legislature.

"We know Charlie Gubser will give the same honest representation in Congress to all legitimate interests of Santa Clara, Santa Cruz and San Benito counties that he has given southern Santa Clara county in the Assembly," Lindsey said.

Gubser, 36, is a University of California graduate in economics, with post-graduate work in professional law and education. He taught four years in the Gilroy Union High school, while carrying on farming activities.

Elected to the Legislature in 1950, he served on the Agriculture, Revenue and Taxation, and Government Efficiency and Economy committees of the Assembly.

He is an active member of the Santa Clara County Farm Bureau and represented that group in the State Federation. He resides in Gilroy with his wife, Joan and their 11-year-old daughter, Marcia.

Local Boy Scouts Join Blood Donors Throughout Nation

Cub Scouts, Boy Scouts and Explorers of the Santa Clara County Council Boy Scouts of America will join their brother Scouts throughout the nation in a Blood Donor program for the Armed Forces. The campaign will start locally on March 16 and continue for a two-week period.

President Marc Vertin of the council has appointed Commissioner Milton Ryder to head the campaign in the local Council.

The goal of one signed pledge for blood donations for each five registered memebrs of a Unit has been set. It is hoped this goal will be exceeded many times as the adults respond to the appeal of Scouts to do their part in this urgent need.

Before returning to the U.S. for major overhaul last fall, the St. Paul participated in the redeployment of UN troops from Hungnam.

Air Force Needs Cadets

The United States Air Force announced through the local Air Force Recruiting Station today that 100,000 applicants are needed immediately for pilot and aircraft observer training. This announcement was made 'oday by M/Sgt. Arthur Sullivan, local recruiter for Campbell.

In the past, applicants were required to possess two years of college credits, or eighteen months of regular Air Force service. M/Sgt. Sullivan also stated this requirement is no longer in effect.

For further information contact the Air Force Recruiting Station located in Room 203, Post Office Building, San Jose, California.

Undergoing recruit training at the U. S. Naval Training Center, San Diego, is Nuncie S. Giordano, seaman recruit, USN, of 1050 Dry Creek Road, Campbell.

This initial training includes instruction in such fields as seamanship, fire-fighting gunnery, signaling, and other courses designed to make the recruit well-versed in every phase of Navy life.

Upon completion of their 11-week training period at the training center, graduates are assigned to duty stations with the Fleet or at Navy shore stations ,or are sent to service schools for advanced technical training.

M-Sgt. Sullivan of the local U.S. Army and Air Force recruiting station at San Jose stated today that 10,000 applicants are needed immediately for pilot and aircraft observer training. In order to meet this obligation, the Air Force said they will accept young men with high school diplomas or any document which indicates successful completion of high school and will be processed for flight training. Some of these applicants who apply now will probably begin flight training in April 1952, Sgt. Sullivan said.

Assessment Roll Readied For '52 Property Tax

The 1952 assessment roll for Santa Clara County of property assessed for taxation, is now being prepared in the County Assessor's office, according to Mr. Hayden W. Pitman, County Assessor.

Assessment of property began the first Monday in March at 12 o'clock noon. Property statements must be filed within the time specified by the Assessor.

"Approximately 20,000 service men will file claims for the $1,000 deduction on the assessed value of their property during the next six weeks," Pitman said. "Veterans' interest in the property must be recorded by the first Monday in March."

Pitman reminded veterans who filed last year and who are still qualified under the $5,000 limitation may file by mail before April 15.

"Church, orphanage and welfare exemptions should be filed at once." Pitman warned. "April first is the last day for filing for the welfare exemption."

Division Champs Keep Tight Hold On Cage Lead

A and B division adult cage leaders, McCune Citrus and Maderis Food Center remained the same when both teams posted victories at the regular clashes at Campbell Union High school last week.

The Citrus five, paced by the 16-point output of Dean Giles, knocked off a scrappy Willow Glen Zelator quint to the tune of 45-40. Santa Clara Lumber fell to Maderis 61-47.

CAMPBELL NINE OPPOSES MENLO IN SEASON OPENER TOMORROW

With one game with the alumni already a thing of the past, the Campbell High horsehiders are getting ready to pour it on as their 19-game schedule starts in earnest tomorrow afternoon with Menlo School at Menlo.

Coach George Miskulin is not counting on any one individual star in this year's lineup, but does hope to have a well-balanced squad which will make for more all-round teamwork.

With the practice facilities available to the school, and with returning lettermen Duane Burrows and Larry Pereira, Ron Bacon and Jay Propst to bolster the new club, Miskulin looks forward to a promising season.

CAGE SEASON ENDS AS COMETS NIP BUCS 49-43

Campbell cage season ended last Friday with a 49-43 pasting by the host Lick Comets. At no point in the contest were the Bucs able to overcome a first quarter deficit of 10-9 in spite of the hustle and spirit shown by parting seniors Jack Harris, Norm Lopes, John Cowden, Paul Zimerman and Bob Banks.

Harris led the Campbellites with 15 points, while Nakatani was the high man for the Lick crew, sinking a total of 25.

Hi School Golfers Start New Season

La Rinconada Golf links has opened its services to high school golfers, for both practice and school meets without charge, as the high school clubsters start their current season.

The golfers will probably tee off this year in meets against Los Gatos, Belarmine, Lincoln, Lick, San Jose High and Fremont.

Dick Jordan, Stan Smith, Ed Kurzrock, William Lawson, Ron Moesle, and Gordon Peffley have signed up as the nucleus of the present squad, coached by advisor Warren.

SCVAL TRACK OPENS MARCH 21

Santa Clara Valley Athletic League's 1052 track and field season opens March 21 with the running of the SCVAL Relays, and regular meet competition begins Friday, March 28.

Campbell, Washington, Santa Clara, Fremont, Los Gatos and James Lick will field teams. The SCVAL track finals May 23 winds up the Spring campaign.

The schedule:

Abalone Fishers Must Measure Catch Exactly

The rugged sport of abalone fishing will resume March 16 in California's coastal waters with one new regulation in effect for the 10-month open season; fishermen must be equipped with an accurate measuring device.

Last year's bag limit of five per day and size limits of seven inches for red abalones, six and one-quarter for greens, six for pinks, and five inches for blacks, will be in effect during 1952, acording to the Department of Fish and Game.

High School Swim Three Way Meet

Although the local aquamen lost their first contest, a three-way affair against San Jose State Frosh and Fremont last Wednesday at San Jose State College, Fred Gugat, coach, wasn't too displeased.

"They'll come along," Gugat remarked.

Ron Gilpatrick and Bill Kaufman captured high point honors for the local aggregation by copping thirds in two events. Gilpatrick placed in the 50 and 100-yard freestyle. Kaufman took points in the 100-yard backstroke and 150-yard individual medley.

Jimmy Merritt grabbed a second in the 200-yard freestyle, and Bob Nicholas placed in the diving contest.

Bob Dalzell placed in the 100-yard breast stroke.

The 150-yard medley relay team of Gerke, Dalzell and Gardner splashed out third place honors.

BUCLETS, S. C. IN SCVAL LEAD

Campbell High's lightweights outdazzled the Comets of James Lick High school last Friday to tie with Santa Clara in the SCVAL league.

Dennis Kelly's last second field goal set up the Buclet two-point win.

Super rebound play and hustling driving play of the Comets almost cost the local '30's the last game of the season.

Dennis Kelly and Hal Shumway paced the Campbellites with seven points apiece. Sizemore of James Lick, however, had eleven markers to take scoring honors for the evening.

Fire Damages Kerby Home

A fire of undiscovered origin roared through the home of H. D. Kerby, 40 Dillon Avenue, here on Sunday, severely damaging the four-room home.

The fire was discovered by Wanda Lee Kerby who first noticed smoke pouring from the roof about three o'clock in the afternoon.

Mr. and Mrs. Kerby, visiting relatives in Los Gatos, were not at home. Neighbors called the Campbell fire department, who promptly answered the call and had the blaze put out by the time the Kerbys arrived. An electric clock on the kitchen stove was stopped at four o'clock.

"This is the first time we had been away from the house for the past three months," Kerby said ruefully, surveying the smoke-blackened and gutted ruins.

The house, almost totally destroyed, was insured for $2,000, and furniture was insured for another $2,000.

MARCH 17 IS DAY TO WATCH

Harassed taxpayers this year will get a two-day reprieve from the time-honored date of March 15. Bureau of Internal Revenue in Washington, D.C., announced that taxpayers will have until the following Monday, March 17, to file returns because March 15, falls on Saturday.

Remo N. Remo N. Cipolla, division chief, pointed out Saturday is considered a non-workday" in the government's eyes, hence returns will be accepted until closing time Monday, March 17.

Cipolla emphasized returns must be postmarked not later than midnight of the 17th or be in his office by closing time that date. He said his office will remain open Saturday March 15 to receive returns.

Robert Blue Joins Navy

Robert Charles Blue was among one of the seven men enlisted into the U. S. Navy on March 3, 1952, through the San Jose Navy recruiting station. He is the son of Mr. and Mrs. Malcolm J. Blue of 789 White Oaks Road, Campbell. He was enlisted as seaman recruit for a four year term, and is undergoing training at the U. S. Naval Training Station San Diego.

American settlers seized Sonoma and raised the Bear Flag of the California Republic on June 14, 1846.

Red Cross Drive Gets Good Start

With election over, income tax deadline upon us, and other activties that divert our attention now in the background, the way is clear for a concentrated drive the next two weeks to put Campbell "over the top" in the money-raising campaign for the Red Cross.

Clarence Nelson has worked overtime to secure additional volunteers, who will shortly call upon every resident. These, coupled with those already named, will give 100 percent coverage and should place the familiar sticker in every home. Display your Red Cross donor sticker both as a reminder to others and as a notice to solicitors that your home already has contributed.

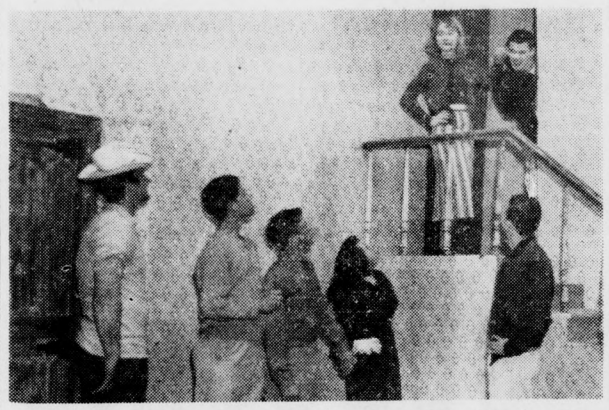

The burden need not be heavy on any one individual if all do their part. Make your contributions now and help Campbell join the list of communities doing their share. All helpers are volunteer, and it will make their work easier if you give early, and freely.

The following solicitors have been added to the list already published: Mr. H. Heitzel, Mr. Ben Strong, Mr. Gil Krug, Mrs. John Scarpace, Mr. C. P. Klassen, Mr. Gene Gates, Mrs. Geo. Robertson, Mrs. P. B. Payne, Mrs. L. C. Fairchild, Mr. Bert Pye, Mr. Jim Arends, Mr. Harry Todd, Mrs. Patrick Romane, Mrs. H. Richards, and Mrs. Jay C. Jensen. If more convenient, you may leave your contributions at the American Trust Company office, with Mr. Payne, or with Clarence Nelson at Nelson Feed store.

The four parallel ridges of the Coast Range north of San Francisco Bay are named from east to west, the Yolo, Napa, Sonoma and Marin.

Ron Gilpatrick helpfully points out one method of smashing a plate glass window to Gwen Robertson, who must perform the feat in the class of 1952's production of "George Washington Slept Here," tonight and tomorrow at Campbell Union High School. Bob Anderson and Jim Shepardson watch skeptically.

Guest Pat Taylor pulls brat Jimmy Lynch out of her bedroom and offers him to Bob Anderson, Jim Shepardson, Ron Gilpatrick, Gwen Roberts and Henry Ramp, who certainly don't want him either.

More About Incorporation

(Continued from page 1)

feel they will do outstanding jobs in our new city."

"Speaking for the General Committee," said Harmon, "We want to pledge our cooperation with the new government. All information and data which has been compiled throughout the nine-month campaign is available to city officials if needed." Harmon added.

LATHROP STATEMENT

Gilbert A. Lathrop, chairman of the Committee Against Incorporation of Campbell, made the following statement:

"The voters have expressed thir opinion on the question of incorporation, and we accept this verdict as any loyal American should. While it may not be our way, it is our community, and we intend to make our voices heard whenever, in our opinion, it is needed.

We have selected a good cross-section of the community to govern us, and we wish them nothing but success and pleasure in their serving. For those who voted as we recommended, we extend our thanks. For the community and its new oficers, we wish them luck and proffer our services in any way we can be helpful.

The population increase, the threat of annexation by either Santa Clara or San Jose, the danger of losing home rule and becoming an urban tax district were factors advanced by proponents of incorporation. These factors, in the opinion of the voters, outweighed the possibility of a ta xincrease, the use of parking meters and the possible restrictions on home livestock, main arguments of the committee against incorporation.

An itemized chart of voting precincts compiled by the Campbell Press appears on this page.
